the conflict of comfort

The Cave

- ... the cave is dangerous and strong with the dark side of the Force. Luke looks confused and afraid, but Yoda's response is simply, **"in you must go"**
- What is in the cave? **"Only what you take with you"**
- As Lukas straps on his weapons, Yoda hauntingly advises, **"Your weapons, you will not need them"**
- Only it isn't Darth Vader's face that's revealed; it's Luke's. Luke is staring at **his own head on the ground.**
